WHAT THE NATIONAL SOCIETY HAS ACCOMPLISHED.

It has erected hundreds of monuments and tablets to commemorate events and men of the Revolution, and to mark the battlefields and other historic sites of the Revolutionary period. It has secured the preservation of some of the most important battlefields and historic buildings of the Revolution as National Memorials.

It has marked the graves of thousands of those who fought for American Independence. It has rescued from oblivion the graves of several of the Signers of the Declaration of Independence, and has marked them with appropriate memorials. It has saved from destruction and brought to light valuable records of the Revolution, and has secured the enactment of laws for gathering together in the War Department and Navy Department the valuable muster rolls and pay rolls of soldiers and sailors in that war.

It has promoted the patriotic education of the youth of our country by awarding medals and other prizes for essays on historical topics. It has presented busts and portraits of eminent Americans to schools and colleges. It has encouraged and taken part in the celebration of patriotic anniversaries.

It promotes the daily display of the Stars and Stripes on all public buildings and at every post office in the land. (Flag Day, on June 14th, was first observed in 1890 upon the recommendation of The Connecticut Society of the Sons of the American Revolution.) It has helped to secure the enactment in most of the States of laws prohibiting the desecration of the Flag. It has aroused public sentiment against the use of the "Star Spangled Banner," or any part of it, in medleys played by bands and orchestras.

Much of the material on this page and on several pages following is quoted verbatim from a pamphlet recently issued by the Executive Committee of the National Society.

It has assisted in better citizenship by the wide distribution of leaflets to the aliens, and, in the larger cities, by illustrated lectures on our country, given in their own language.

It has gathered in one Society since its organization, in 1889, more than 23,000 members, many of them leaders in statesmanship, in law and medicine, in business affairs, in military life, in literature and education, all working together for a better citizenship and a better country.

It has secured the publication of the rolls of more than 40,000 soldiers and sailors of France who participated in the American Revolution. It is securing the card indexing of the valuable genealogical and historical data in the papers of 70,000 pensioners of the Revolution for present reference and future publication.

The Society publishes and distributes to *every member* in May, October, December, and March, an "Official Bulletin," reviewing the current work of the organization, with records of new members, and issues a Year Book, containing the Proceedings of the Annual Congresses, held in various parts of the country, and the full pedigrees of members enrolled each year.

PURPOSES AND OBJECTS.

“The purposes and objects of this Society are declared to be patriotic, historical, and educational, and shall include those intended or designed to perpetuate the memory of the men who, by their services or sacrifices during the war of the American Revolution, achieved the independence of the American people; to unite and promote fellowship among their descendants; to inspire them and the community at large with a more profound reverence for the principles of the Government founded by our forefathers; to encourage historical research in relation to the American Revolution; to acquire and preserve the records of the individual services of the patriots of the war, as well as documents, relics, and landmarks; to mark the scenes of the Revolution by appropriate memorials; to celebrate the anniversaries of the prominent events of the war and of the Revolutionary period; to foster true patriotism; to maintain and extend the institutions of American freedom, and to carry out the purposes expressed in the preamble of the Constitution of our country and the injunctions of Washington in his farewell address to the American people.”

QUALIFICATIONS FOR MEMBERSHIP.

Any man shall be eligible to membership in the Society who, being of the age of twenty-one years or over, and a citizen of good repute in the community, is a lineal descendant of an ancestor who was at all times unfailing in his loyalty to, and rendered active service in, the cause of American Independence, either as an officer, soldier, seaman, marine, militiaman or minute man, in the armed forces of the Continental Congress, or of any one of the several Colonies or States, or as a signer of the Declaration of Independence, or as a member of a Committee of Safety or Correspondence, or as a member of any Continental, Provincial, or Colonial Congress or Legislature, or as a recognized patriot who performed actual service by overt acts of resistance to the authority of Great Britain.

REASONS FOR MEMBERSHIP.

It is a practical way of honoring a man's patriotic forefathers.

It preserves for future generations the family pedigrees of members back to the period of the Revolution. Membership in this Society *insures* the preservation of two sets of the records filed, one by the State Registrar, and one by the Registrar General at Washington.

The Society encourages continued public interest in the men and events of the American Revolution;

To the youth of the families of members it teaches important lessons of patriotism and good citizenship;

By celebrating the important events of the Revolution, it recalls to memory the objects of that struggle and the principles for which our forefathers fought;

It leads to the marking of battlefields, routes of march and historic sites, by monuments and tablets, and to the preservation of historic buildings from destruction;

It encourages, and contributes to, the work of preserving and arranging in form accessible to the public, the priceless documents, letters and other relics of Revolutionary times;

By a wide distribution of leaflets, printed in words that all can understand, it teaches the millions of aliens in the United States what the Nation stands for, what it means for them to become a part of the body politic, participating in the duties and responsibilities of active citizens in an intelligent manner;

It is non-sectarian, non-political, uniting in friendly relationship men of all creeds, men of the North, South, East, and West.

"The man who feels no sentiment of veneration for the memory of his forefathers; who has no natural regard for his ancestors, or his kindred, is himself unworthy of kindred regard, or remembrance."

—Daniel Webster.

HOW TO BECOME A MEMBER.

Trace your lineage back to the period of the Revolution through paternal and maternal lines and ascertain the names and residences of all male lineal ancestors of proper age for active participation in the struggle for Independence. This search may be guided by family papers and traditions, by published and original probate and land records of towns and counties, and by tombstone inscriptions. Search printed and manuscript records of military and naval service. Where two or more men of the same name are recorded from the same locality, identify as your own ancestor the one upon whom claim is based. Names of German, Dutch, or French origin may be disguised by translation into English or by various phonetic spellings.

Individual membership is through one of the State Societies. Every member of a State Society is *ipso facto* a member of the National Society.

Application for membership is made on standard blanks furnished by the Society. These blanks call for the place and date of birth and of death of the Revolutionary ancestor, and the year of birth, of marriage, and of death of ancestors in intervening generations. Membership is based on one original claim. When an applicant claims descent from more than one Revolutionary ancestor, additional claims are filed on supplemental papers. The application and supplementals are made in duplicate. One copy remains with the State Society, and one copy is permanently preserved in the Registrar General's office where a reference card index is kept of members' names and of their Revolutionary ancestors.

In referring to printed books the volume and page should be given.

Reference to authorities in manuscript must be accompanied by certified copies and authentic family records submitted, if required. Every application must be accompanied by \$5.00

(three dollars for membership fee and two dollars for annual dues for first year), and must be signed and sworn to by the applicant and endorsed by a member of the Society.

Application blanks may be obtained from the Secretary or the Registrar of the State Society, and when filled out should be forwarded to the Registrar, Mr. Frederick Bostwick, 144 Grove Street, New Haven, Conn.

A Certificate of Membership, steel engraved and engrossed, 18 x 24 inches in size, is furnished to all new members upon joining the Society.

On ceremonial occasions the insignia of the Society may be worn by any member. To secure the insignia it is necessary to procure a permit from the Secretary General through the State Secretary. Upon receiving the permit from the Secretary General the insignia can be obtained from J. E. Caldwell & Co., Philadelphia. Price, silver, gold plated, \$9.00.

Lapel buttons ("rosettes") may be worn at any time when the badge is not worn. Buttons may be obtained from the State Secretary for 25 cents each.

The insignia is shown on outside back cover of this book.

THE GENERAL SOURCES OF REVOLUTIONARY SERVICE RECORD.

There is no complete roll of soldiers and sailors and civil patriots of the Revolution. The following are some of the principal sources of information:

National. The Bureau of Pensions has the claim papers of about 70,000 Revolutionary soldiers and their widows. The U. S. Commissioner of Pensions, Washington, D. C., will furnish abstracts of service from the records without charge. Lists of Pensioners, arranged by States, were published by the Government in 1820, 1835, and 1840, but the documents are not generally available for examination.

The Adjutant General, U. S. Army, War Department, is in charge of all muster and pay rolls of soldiers in possession of the Government, and will furnish abstracts of service without charge to applicants who give a valid reason for desiring the information. In calling for certification of service record give the full name and residence of the ancestor.

The Navy Department is gathering material relating to service in the Navy.

Consult Force's "American Archives," Fourth Series, Vols. 1 to 6, and Fifth Series, Vols. 1 to 3; Heitman's "Historical Register of Officers of the Continental Army"; "Records of the Revolution," by W. T. R. Saffell, New York, 1858; Journals of the Continental Congress, Vols. 1 to 14 (1774 to 1779), so far published by the Library of Congress; also "Les Combattants Français de la Guerre Americaine," 1778-1783, reprinted, with index, as U. S. Senate Doc. No. 77, 58th Cong., 2d Session, containing about 40,000 names of French soldiers and sailors who participated in the American Revolution.

Men whose mothers or sisters are members of the Daughters of the American Revolution are eligible to membership in the Society of the Sons of the American Revolution, and in such cases the application papers of the "Daughters" become sources of information by applying to the Registrar General of the Society at Memorial Continental Hall, Washington, D. C., with written permission of the "Daughter."

Mr. George S. Godard, State Librarian writes:

The Connecticut State Library is rich in both manuscript and printed material relating to the Revolutionary War. The large number of official manuscripts contained in the Revolutionary War Series of the Connecticut Archives are frequently being supplemented by many smaller collections as they become available, and all are being made more easily accessible through indexes. Of the manuscripts the following should be noted:

1st. Connecticut Archives, Revolutionary War, 1st Series, 1763-1789, 37 volumes. These contain a large number of pay rolls and muster rolls. Also many papers relating to the Stamp Act, Sugar Act, the Congress of 1765, secret expedition to Ticonderoga, Lexington Alarm, Negro Governor, Burning of Fairfield, Danbury, New Haven, Norwich, etc. Also relating to Tories, refugees, confiscated estates, slavery, and the Connecticut Line.

2nd. Connecticut Archives, Revolutionary War, 2nd Series, 6 volumes, which include muster rolls, pay rolls, pay abstracts, receipts, documents relating to pensions, family supplies, Loyal-

ists, and miscellaneous accounts. New volumes in this series are being brought together and added from time to time.

SOME ACHIEVEMENTS OF THE CONNECTICUT SOCIETY

of the
SONS OF THE AMERICAN REVOLUTION.

This list, except for a few additions, is taken from one printed in the National Register of the Society of the Sons of the American Revolution for 1902, which was prepared for that publication by Jonathan Trumbull.

The Connecticut Society has preserved the following historic landmarks in the State:

1. The Lebanon War Office at Lebanon, Connecticut, in which were held the meetings of the Council of Safety during the Revolution. This Council was appointed by the General Assembly of Connecticut early in the war, with power to forward troops, munitions of war and supplies, together with other powers, making the Council a substitute for the General Assembly when that body was not in session.

The building was restored and repaired by the Connecticut Society in 1891, is owned by that Society, and is now used as a public library and depository of Revolutionary relics.

For further particulars see "The Lebanon War Office," published by the Society in 1892.

2. The Nathan Hale Schoolhouse at New London. This building in which Nathan Hale taught from May, 1774, to July, 1775, at which time he joined the Army, has been purchased by the Connecticut Society, with the assistance of the Daughters of the American Revolution. It has been restored to its original condition, and removed to public ground granted for the purpose. The building was dedicated, with appropriate ceremonies, on the 17th of June, 1901. It is now occupied as the headquarters of the Lucretia Shaw Chapter, D. A. R.

At Compo Beach in Westport, Connecticut, there was dedicated on June 17, 1910, a monument which represents "The Minute Man," a life size statue of a Revolutionary Patriot. This memorial was erected by the Connecticut Society of the Sons of the American Revolution to commemorate the resistance to the landing on April 25, 1777, of the British troops under General Tryon for their march to Danbury.

The Society has contributed to the preservation of the Putnam Wolf Den at Pomfret, Connecticut, which has now been acquired by an organization for the purpose of preserving this landmark in commemoration of the youthful heroism of General Israel Putnam.

In 1906 the Society contributed to the fund which was being raised for "The Memorial Annex" to be added to the Groton Monument House, at Groton, Connecticut.

It has restored and preserved the memorials at Lebanon erected over the remains of Jonathan Trumbull, the Governor, and William Williams, the Signer.

It should not be forgotten in this connection that to The Connecticut Society The National Society gives the credit of inaugurating the movement which resulted in the establishment of Flag Day on June 14th.

Bronze tablets have been placed as follows:

June 29, 1894.—On the elm tree in front of the Wadsworth Atheneum in Hartford, commemorating the first visit of Washington to Connecticut. See Year Book, 1895-6, p. 47. This tablet, since the removal of the tree, has been in the rooms of the Connecticut Historical Society.

July 5, 1895.—At Beacon Hill, New Haven, commemorating the defence of New Haven at the time of Tryon's invasion, July 5, 1779. The proceedings at the ceremony, with addresses in full, are recorded in a book published by the David Humphreys Branch of the Society.

June 17, 1896.—In the Lebanon War Office, indicating the character of the building, and recording the names of some of the

prominent men in the Revolution who have been within its walls. See Year Book, 1897-9, p. 51.

June 17, 1901.—In the Nathan Hale Schoolhouse at New London, commemorating the service and martyrdom of Nathan Hale, and indicating the character of the building.

June 6, 1904.—Upon the front of the Union League Club in New Haven in memory of Roger Sherman. The inscription on this tablet states that upon the site of this building stood the home of Roger Sherman, and near here in 1793 he died.

The Society has issued, upon carefully attested applications, 1,500 bronze grave markers, designating graves of Revolutionary Soldiers and Patriots in the State. These markers were designed by a member of the Society, and adopted for the purpose of marking graves of Revolutionary Patriots throughout the State.

The Society has, in several years, awarded prizes of \$100.00 each year, for excellence in original essays on subjects connected with the American Revolution, by pupils in schools throughout the State.

The publications of the Society have been

The David Humphreys Branch of the Society has published "Songs of the Revolution," 1893, "Exercises at the Unveiling of the Beacon Hill Tablet," 1895, and "Revolutionary Characters in New Haven," 1911. The last named publication contains a large amount of historical information not heretofore published.

A pamphlet containing the addresses and describing the ceremonies connected with the unveiling of the Compo Beach Memorial was arranged and published by Henry C. Sherwood, of The Gen. Gold Selleck Silliman Branch of Bridgeport.

Imperfect and incorrect applications may be returned to the applicant by the Registrar for correction or completion. After applications have been passed upon by the Board of Managers, he shall, if the applicant is accepted, forward one copy to the Registrar General of the National Society, and shall make a record of such parts of said application as he deems necessary, in a book of forms prepared for that purpose. The original application with the accompanying proofs shall be kept on file. He shall also have the custody of all historical, geographical, and genealogical books, papers, manuscripts, and relics of which the Society may become possessed. AMENDMENTS.

SEC. 15. These By-Laws shall not be altered, amended, or repealed unless such alteration or amendment shall have been proposed in writing at a previous meeting of the Board of Managers and entered upon the records, with the name of the member proposing the change, and also adopted by a majority of the members present at a regular meeting of the Society, or at a special meeting called for that purpose.

NAMES OF THE REVOLUTIONARY ANCESTORS
of the
MEMBERS OF THIS SOCIETY.

The residence and patriotic record of ancestors, by reason of whose service membership in this Society was obtained previous to the year 1904, can be found in the Year Book of The Connecticut Society of the Sons of the American Revolution for the period closing with the year 1903.

Revolutionary Patriots on the following list, concerning whom such information does not appear in that Year Book, are those whose record was not in the Society's file when the volume was published, because of the fact that no descendant had at that time united with the Connecticut Society, and placed the ancestor's record in the Registrar's hands.

The records of these Revolutionary Patriots are now in the possession of the Registrar, who will furnish information to any interested applicant.
